

VIVAT, THE ORIGIN OF A NAME

"Vivat" is an ancient Flemish custom of uniting beer with wedding celebrations. A towel was held over the head of the newlywed and a few drops of beer were poured while singing "Vivat vivat vivat semper, Semper in aeternum..." (Live lives always, Always forever). By naming our beer range "VIVAT", we like to think it enables us to keep the tradition of this impressive brewery alive (Vivat in aeternum, Live forever).

VIVAT TRIPLE

A real bottle conditioned beer directly inspired from the Vivat Blonde, they share the same specific yeast and same cocktail of hops. It is the slight addition of spices that combine with the refermentation in bottle that gives this beer all of its aromatic complexity, sweet with citrus notes. Perfectly balanced, a generous hopping, a round and long finish are the main qualities of this exceptional beer.

LA BRASSERIE HISTORIQUE DE L'ABBAYE DU CATEAU

Erected on the site of an original Benedictine Abbey, "la Brasserie Historique de l'Abbaye du Cateau" was built in 1913. After 13 years of success, the brewing activities were stopped and the building was then used as a depot for the former brewery of the abbey of Solesmes. In the 40's, during the Second World War, the building was used to house Allied troops. After 50 years of neglect followed by 4 years of renovation the brewery was reopened. Now classified as a "Historical Monument" it is the only gravity brewery to remain active in Europe. We have turned it into a living museum to welcome beer lovers and have created a beautiful restaurant inside the brewery so visitors can enjoy the beers and savor some local dishes.
